Annual Dust Suppressant Agreement for the 2026 Year

The dust suppressant will be provided at a suitable time as determined by the RM to maximize the effectiveness of the application for the summer season. There will be **one application of 100 meters** of product for the 2026 year. Please complete and sign this form and return to the RM Office with your method of payment by **May 25th, 2026**. The dust suppressant will be provided per Residential and Commercial sites only. All areas must be staked at 100 meters prior to receiving dust suppressant. Delivery and payment options for the Agreement can be found on the following page outlined with the Terms and Conditions.

Meters (100-meter increment)	Cost
100 meters	\$518.87+ 31.13(PST) = \$550.00

I, _____ of _____
(name of ratepayer) *(mailing address)*
authorize the RM of Orkney No. 244 to apply 100 meters of dust control adjacent to my yard site being _____.
(legal land description of yard site)

I agree to pay the amount of \$550.00 upon signing the form and prior to the dust control being placed.

I acknowledge that the area where the dust control is to be applied **must** be staked (marked) out no later than May 25th, 2026. _____
(Initial)

I acknowledge and agree to pay the fee prior to the placement of dust control. I also agree that the municipality may have to grade the road when they deem it necessary and with all terms and conditions as listed on the reverse. Any areas improperly staked greater than 100 meters will be charged the full cost of the application for the additional area.

Dust Control Terms and Conditions

The RM of Orkney No. 244 provides dust suppressant in an effort to help reduce dust on the gravel roads. This is not a guarantee as weather, traffic, and conditions of road etc. may affect the duration and effectiveness of the product. The RM will provide dust suppressant to residential and commercial sites at the request of the landowner as follows:

- Landowners must return the completed form and payment to the R.M. Office no later than May 25th, 2026. Any request received after the deadline will be up to the discretion of the RM whether or not they will receive dust control for the current year.
-
- In the application of the dust suppressant where the road may have a sticky substance prior to the product being completely dry, should the landowner choose to drive on the R.M. road, they do so at their own discretion and understand that the RM will not be held liable for any occurred or assumed damage to their vehicle.
- Landowners agree that starting October 1st, the municipality will grade all dust suppressant spots and acknowledge that the R.M. may not place gravel on the areas with dust suppressant.
- By submitting this application, you agree that you have read and agree to all terms and conditions.
